

BRUGNOTTO® SHOP INTERIORS

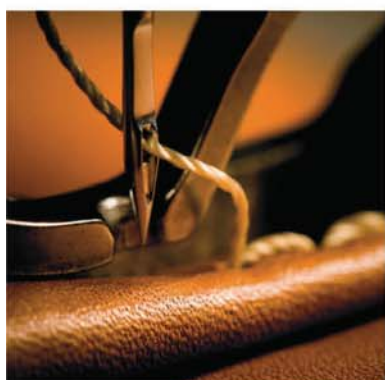

BRUGNOTTO SHOP INTERIORS produce sistemi di arredi modulari per negozi e spazi espositivi.

L'azienda è stata fondata nel 1980 e ha sede nel nord est d'Italia, a 40 km dalla città di Venezia.

Nei suoi stabilimenti di 18.000 mq, sono presenti le più moderne tecnologie produttive ed operano abili professionisti e designers con grande esperienza nel fashion retail design.

BRUGNOTTO SHOP INTERIORS offre soluzioni di arredo innovativo per nuovi spazi commerciali, grazie anche alla capacità di abbinare più materiali, quali vere pelli selezionate, ecopelle stampata e verniciata, metalli e legni con particolari finiture.

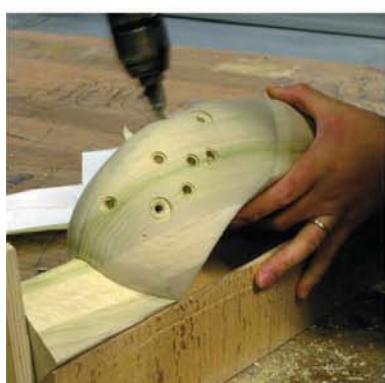

Tutti questi materiali vengono lavorati all'interno dell'azienda con cura e sapienza artigianale rendendo BRUGNOTTO SHOP INTERIORS una realtà unica ed esclusiva.

BRUGNOTTO SHOP INTERIORS produces modular pieces of furniture for shops and show spaces.

The company was founded in 1980 with its headquarters in northeastern Italy, 40 kilometres from Venice.

Its headquarters is comprised of 18.000 square metres where the most up-to-date production technology is used by designers and professionals who have a vast experience in modern retail design.

BRUGNOTTO SHOP INTERIORS is able to find innovative furnishing solutions for new commercial spaces thanks to the ability of using different materials, such as carefully chosen genuine leather, printed and varnished eco-leather, various different metals and types of wood with particular finishings.

All these specified materials are used within the company using great care and specialist knowledge making BRUGNOTTO SHOP INTERIORS completely unique and exclusive.

DA+DO

Sistema di arredo universale, composto da un elemento declinato in tre multipli di misura, liberamente componibile. Caratterizzato da una forma (brevettata) che ne permette la libera retroilluminazione è inoltre accompagnato da un set di accessori che lo rende adatto e personalizzabile ad ogni esigenza.

DA+DO

Universal furniture system, based on one element available in three multiple sizes, afterwards it's totally free stackable. It's defined by a shape (patented) that allows to backlight it without limitations, it's also associated with accessories that make it suitable and customizable for every requirement.

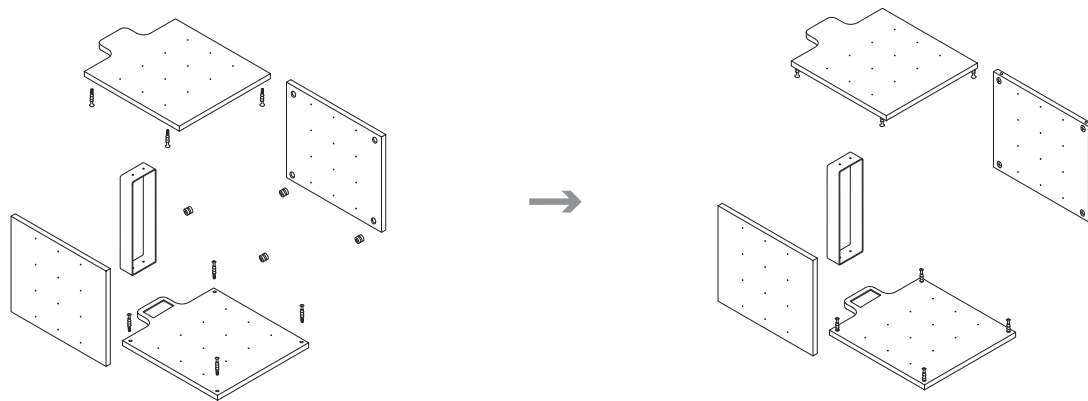

DA+DO si presta a soddisfare qualsiasi esigenza:
esporre, contenere, ordinare, arredare, grazie alla sua semplicità e compatibilità
di finiture, accessori ed alla libertà di composizione che offre.
Funzionale e discreto, mutevole e rigoroso.
DA+DO è adatto a piccole e grandi composizioni, in self standing o coordinate.

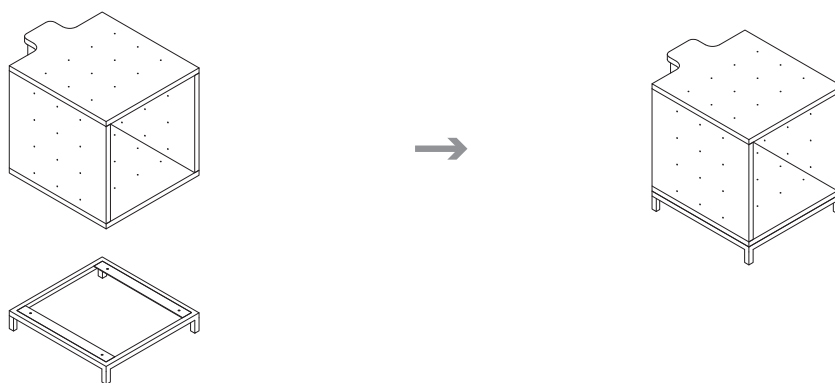

*DA + DO can satisfy all your needs:
exhibit, contain, order, furnishing, thanks to its simplicity and compatibility of finishes,
accessories and compositional freedom it offers.
Functional and unobtrusive, changing and rigorous.
DA+DO is suitable for small and large compositions, self-standing or coordinated.*

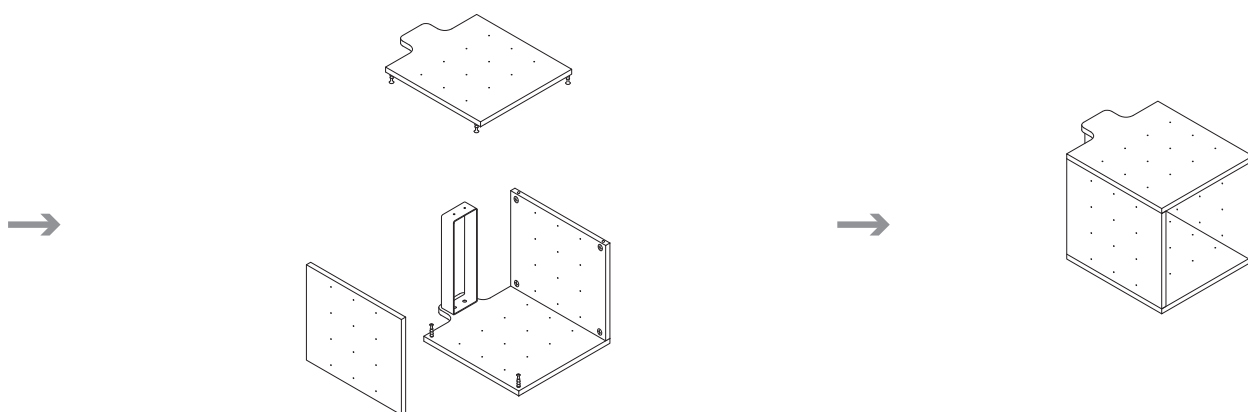

ASSEMBLAGGIO ELEMENTO
ELEMENT ASSEMBLY

ALLESTIMENTO BASE IN METALLO
METAL BASEMENT FITTING

La semplicità è il punto focale del sistema DA+DO.

Ogni elemento è composto da quattro pannelli e una staffa in metallo, assemblati secondo la più classica e semplice delle metodologie : eccentrici e rispettivi perni di fissaggio.

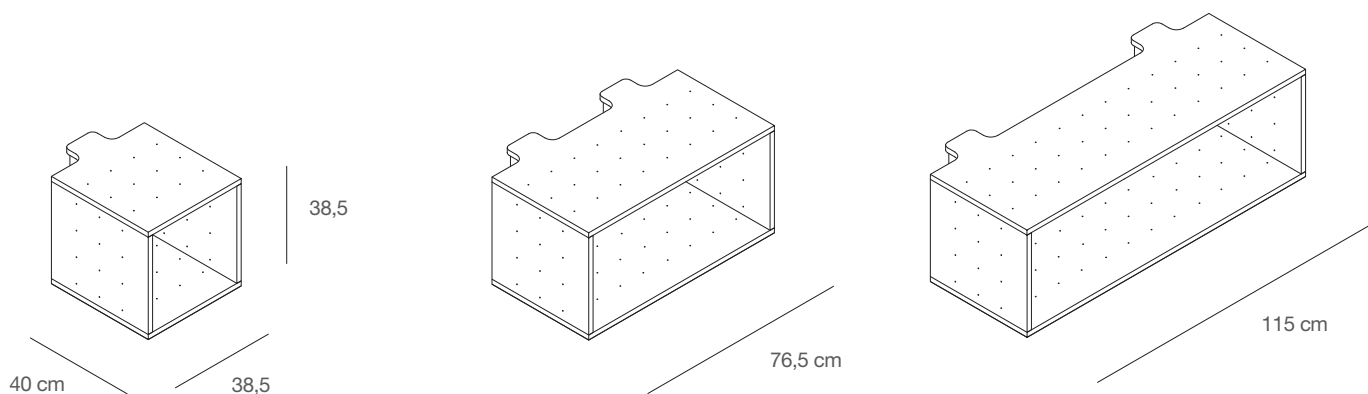

In quattro semplici passaggi ogni modulo DA+DO può essere assemblato e pronto all'uso, è possibile poi aggiungere uno o più accessori e creare la propria composizione tra i diversi moduli del sistema.

Simplicity is the system's focal point for DA+DO.

Each element is composed of four panels and a metal bracket, nothing more, assembled under the most classic and simple methods: eccentric & pins.

In four simple steps each module of DA+DO can be assembled and ready to use, with a further step you can add one or more accessories, or create your own composition between the different modules of the system.

VARIANTI DIMENSIONI ELEMENTI ELEMENT'S SIZES VARIATIONS

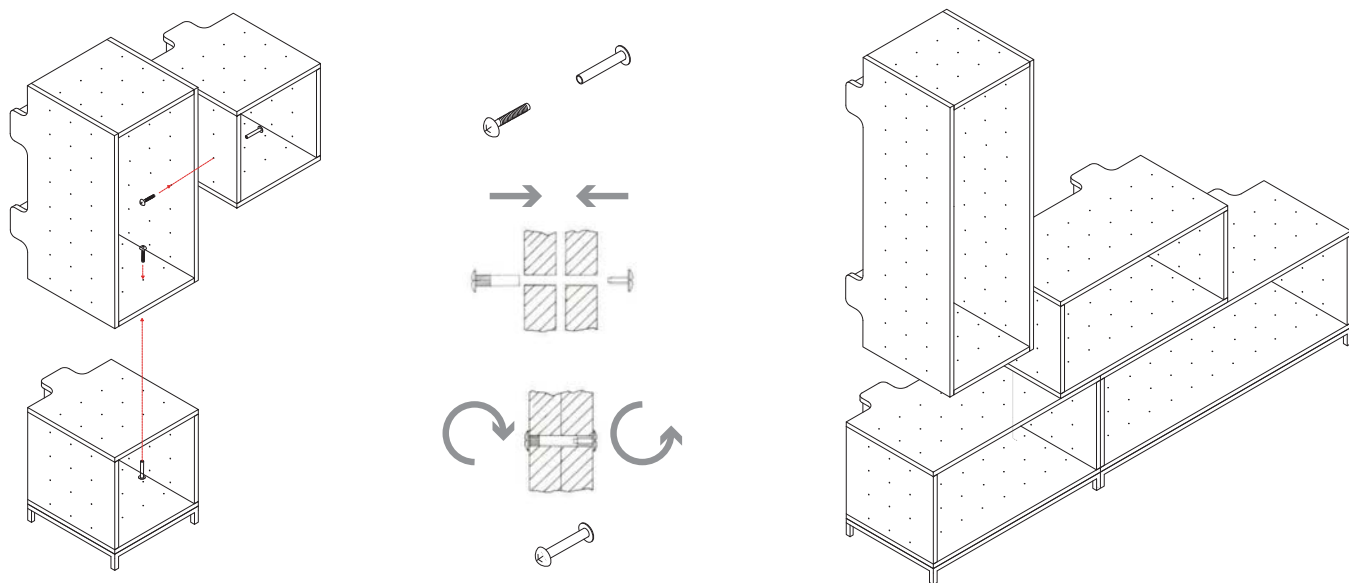

La composizione possibile totalmente libera del DA+DO lo rende sistema di arredo "infinito". I moduli vengono fissati con semplici e comuni "viti a cannocchiale", facendo combaciare uno o più fori presenti su uno dei lati di ogni singolo modulo. E' possibile così collegare moduli in senso orizzontale e verticale. La presenza di una matrice a tre righe di fori permette inoltre di disassare il rapporto tra i moduli, sia verticalmente che orizzontalmente; qualora si volesse creare un rapporto più "disordinato" tra i moduli, è possibile fissarli in un solo punto, permettendo la rotazione sul piano orizzontale.

The completely free available composition of the DA+DO makes this furniture system "infinite". The modules are fixed together with simple and common "telescope screw", matching one or more holes on the sides of each module. So you can connect modules in horizontal and vertical ways, the presence of a three rows array holes also allows you to offset the position between the modules, both vertically and horizontally, and if you want to create a more "messy" composition between the modules, you can fix them in one place, allowing the turning on the horizontal plane.

La personalizzazione è il punto conclusivo della composizione.
La linea DA+DO comprende un range di accessori adatti ad ogni esigenza tra cui ante,
mensole, sistemi di illuminazione e piedini di supporto.

*Customization is the composition final checkpoint.
DA+DO includes a complete accessories range, just to make it suitable for
every requirement, doors, shelves, backlighting systems and basement frames.*
